Bridging The Law of Attraction & Feng Shui

Discover Your Classical Feng Shui Energy Number

Unlock the Energy Code of Your Space & Life

What Is a Feng Shui Energy Number?

Your energy number is a personalized energy code based on your birth year and gender. It tells you your most supportive directions for wealth, love, health, and personal growth—and the ones to avoid.

In Classical Feng Shui, we don't guess. We calculate.

Let's find your number and start aligning your space with your energy.

Step 1: Find Your Birth Year

Use your Gregorian calendar birth year (the year you were born). If you were born in January or early February, check a Chinese calendar to confirm your Lunar New Year birth year.

Step 2: Use the Calculation Below

For Females:

1. Add the last two digits of your birth year.
2. Reduce to a single digit.
3. Add 5 to that number.
4. If the result is greater than 9, reduce it to a single digit.

Example: Born in 1982

$$8 + 2 = 10 \rightarrow 1 + 0 = 1$$

$$1 + 5 = 6 \rightarrow \text{Number} = 6$$

For Males:

1. Add the last two digits of your birth year.
2. Reduce to a single digit.
3. Subtract that number from 10.

Example: Born in 1982
 $8 + 2 = 10 \rightarrow 1 + 0 = 1$
 $10 - 1 = 9 \rightarrow \text{Number} = 9$

(Note: For those born after the year 2000, use 9 instead of 10 in the male formula, and 6 instead of 5 in the female formula.)

Step 3: What Your Number Means

East Group: 1, 3, 4, 9

Best Directions: North, East, Southeast, South

West Group: 2, 5, 6, 7, 8

Best Directions: Northeast, Southwest, West, Northwest

How to Use It

Once you know your energy group, you can start aligning:

- Desk placement (face a favorable direction for success)
 - Bed orientation (for health and harmony)
 - Front door & stove position (for wealth flow)
- Meditation space (for deeper manifestation work)

Why This Matters

Your energy number is like a compass for your life.

When your space is aligned with your Energy number, you experience more flow, clarity, and results—***especially when combined with mindset and Law of Attraction work***

Cathi's Story

With over 25 years in real estate and more than 1,000 homes under my belt, I've seen it all—beautiful spaces, chaotic ones, and everything in between. I've always believed in the power of vision boards and have studied New Thought and traditional Feng Shui for years. But honestly? The mystical side of Feng Shui never quite clicked for me.

That changed the moment I discovered Feng Shui Master Marie Diamond, who combines Classical Feng Shui with the Law of Attraction, neuroscience, and quantum principles. When she described our homes as “3D vision boards,” it hit me like a cosmic 2x4—I got it. And that's when my deep study began.

Now, I see clearly: most homes—including my own—are not in alignment with our dreams. We're cluttered, blocked, and wondering why our manifestations stall. As Marie says, 33% of the Law of Attraction is our environment. Many of us have already manifested all we can with mindset alone.

I'm now on a mission to impact 100,000+ households—to show others how aligning their home's energy can add 33% more power to their dreams.

Your home is a mirror of your life. Let's make it a reflection of everything you're ready to receive.
